CONTACT OVER 3000 PROFESSIONALS IN FORESTRY AND INVESTMENT WITH  
YOUR IMPORTANT ANNOUNCENEMENTS AND INQUIRIES

Over the decades, World Forest Investment, Inc. has developed a powerful marketing tool that is now available to certain clients. It is our email contact base.

Results of using this resource have been very successful and have increased efficiency and depth of notifications and certain informative campaigns.

We have over 3,000 direct contacts and thousands more through supplemental resources as an outreach to the professional forestry and investment worlds.

The contact list consists of forestry professionals, investors, consultants, and service providers.

This list will never be sold or divulged. However, the list can be available for announcements of high quality and professionalism in forestry, i.e. position announcements, conferences and workshops, pertinent information, and properties for sale or purchase opportunities.

Basic rates are as follows:

Pacific Northwest list, >500 contacts= \$500

International list, >2500 contacts = \$1,000

For further services, i.e. screening, responses, providing information, there will be marginal charges.

Other services include expanded posting on appropriate contact lists, newsletters, and announcement bulletins.

In total, outreach can reach many thousands of forestry-related contacts.

The goal of this service is to provide a good service to the industry and increase the flow of constructive information.
